

Providing for the Health, Welfare, and Safety of our Children

# Circle of Giving

## Our Mission

The mission of the Texas Pediatric Society Foundation is to enhance the well-being of Texas children by supporting efforts to help improve their health, safety, and education and to make a positive impact on their lives and futures.

## About the TPS Foundation

Established in 2001, the TPS Foundation is primarily led and supported by pediatricians. We support the initiatives that are important to pediatricians and their patients.

We've joined in the fight against childhood obesity, promoted literacy, battled child abuse and helped keep kids safe and healthy in the car, on the playground, in the classroom and at home.

Over the past 15 years, we've given over a third of a million dollars to projects and programs across the State that make Texas a better place for children!

## TPS Foundation 2016

### Featured Grantee

### Hope Hospice *Camp Dragonfly*

Created for the benefit of children & adolescents who have suffered the loss of a significant person in their life through death, *Camp Dragonfly* helps them find their voice again, confront their loss, and know that they can move forward as they begin to heal.

### Featured Grantee

### Child Abuse Prevention Program

 *Protecting children*     *Rebuilding families*     *Transforming lives*

Alliance For Children is the only Children's Advocacy Center in Tarrant County and was one of the first children's advocacy center programs established in Texas. Since 1992, over 46,000 children have benefited from Alliance For Children's teamed investigations and coordinated approach.

Through their *Child Abuse Prevention Program*, Alliance For Children provides abuse prevention education to children at an early age to help remove obstacles to learning in school. The purpose of the program is to give children who are at-risk or experiencing abuse at home opportunities to be empowered, to find and trust adults who are safe, and to have the courage to tell someone.

# Circle of Giving

## Why Give?

We've been your ally in the initiatives we supported over the last 15 years because your voice is our voice. We rely on the pediatricians of Texas to identify the emerging needs and issues important to children in Texas. Giving to TPSF is not only a contribution to support children's health and safety, but also a contribution to yourself, your colleagues and your friends who are doing great work that they believe will make a difference.

Your Foundation. Your legacy. Give today.

I Give!

Read more about our giving levels below to find the one that is right for you. Scan the QR code with your smart phone or tablet and give today, or go to [txpeds.org/tps-foundation](http://txpeds.org/tps-foundation).
