Who we are

The Texas Pediatric Society, Texas Chapter of the American Academy of Pediatrics (TPS) represents over 4000 physician, fellow, resident, and medical student members in the state of Texas. We work to help pediatricians improve the health and welfare of children by providing our members with up to date education and information about current issues in pediatrics. To this effort we provide our members with balanced, accurate and newsworthy information about current issues in pediatrics and the actions of TPS.

Our Mission
The mission of the Texas Pediatric Society, the Texas Chapter of the American Academy of Pediatrics, is to focus its talent and resources to ensure that the children in Texas are safe and healthy, that its members are well informed and supported, and that the practice of pediatrics in Texas is both fulfilling and economically viable.

Our Vision
The Texas Pediatric Society, the Texas Chapter of the American Academy of Pediatrics, believes that the most important resource of the State of Texas is its children, and pledges its efforts to promote their health and welfare. The goal of the Society is that all children in the State attain their full potential for physical, emotional, and social health.

Why advertise with us

Make an Impact ➤ Get Noticed ➤ Extend your Reach

Trusted Source
Our members have been looking to us as the informational authority for their profession in Texas since 1921. We are a trusted source of information for our members. They look to us for news, continuing education, legislative information, member services and much more. Our Website and E-Newsletter extend the reach of your advertising and are great branding tools for your organization. If you want to reach the Pediatricians of Texas, there is no better outlet than TPS.

Value
Advertising with TPS is a cost effective and valuable way to reach your target audience. Our rates are lower than most internet advertising options and much more affordable than print, television and radio.
Advertising Principles

These principles are applied by the TPS to ensure adherence to the highest ethical standards of advertising and to determine the eligibility of products and services for advertising on the TPS websites. The appearance of advertising on the TPS websites is neither a guarantee nor an endorsement by the TPS of the product, service, or company or the claims made for the product in such advertising. The fact that an advertisement for a product, service, or company has appeared on the TPS websites shall not be referred to in collateral advertising. As a matter of policy, the TPS will sell advertising space on its websites when the inclusion of advertising does not interfere with the mission or objectives of the TPS or its publications. To maintain the integrity of the TPS websites, advertising (i.e., promotional material, advertising representatives, companies, or manufacturers) cannot influence editorial decisions or editorial content. Decisions to sell advertising space are made independently of and without information pertinent to specific editorial content. The TPS, in its sole discretion, retains the right to decline any submitted advertisement or to discontinue posting of any advertisement previously accepted.

Audience & Circulation

Ads appearing on the TPS website and in the TPS E-News are directed toward pediatricians. Some pages on the website have been identified as not appropriate for commercial ads. Those webpages will carry in house advertising only. A list of webpages not appropriate for commercial ads is included in our Terms and Conditions.

On those pages we feature only “TPS house ads” that promote TPS products and services. No pharmaceutical advertisements directed to patients will be accepted on the TPS website or in the TPS E-News.

Our website and newsletter reach over 4000 physician, fellow, resident, and medical student members all over Texas.

Acceptability of Advertising

All products and/or services to be considered for advertising must be related to, effective in, or useful for the practice of medicine and more specifically the specialty of pediatrics. All drugs, instruments, and equipment must be approved by the Food and Drug Administration and the advertisements must conform to all federal regulations. TPS does not claim any responsibility for the contents of advertising and the acceptance of advertising does not in any way constitute endorsement or approval by TPS of a product, service, or company. TPS reserves the right to reject or cancel any advertising. All advertising copy is subject to approval by the editor.
