Mission
To promote a collaborative approach to the provision of transition services for youth in Texas with disabilities and special health care needs and their families.

Vision
Successful transition outcomes for all youth in Texas with disabilities and special health care needs and their families.

Last meeting: Dec 17
Next meeting: Mar 25
Mission
To enhance the development, and promote the principles of the Patient-Centered Medical home model within the state of Texas for all children and youth including those with special health care needs

Vision
All children and youth in Texas, including children with special health care needs, will have a medical home that provides accessible, family-centered, continuous, comprehensive, coordinated, compassionate, and culturally competent services.
